## DETAILED ACTION

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Peter Seferian on 09 June 2004.

The application has been amended as follows:

Claim 2, line 4, the phrase "or the complement thereof" is deleted.

Claim 2, line 3, the word --complement-- is inserted between the words "the" and "nucleotide".

2. The following is an examiner's statement of reasons for allowance:

The present application was rejected for a lack of utility under 35 U.S.C. § 101 and for lacking enablement under 35 U.S.C. § 112, first paragraph. This rejection is obviated by applicants' argument that the *asserted utility* of the present application is incorporated by reference to "[F]or example, U.S. Patents Nos. 5,981,222 and 5,935,865" both of which describe other semaphorins as well as applications and utilities. The applicants demonstrated that the presently claimed sequence contains the recognized semaphorin signaling domain present in human semaphorin sem2 and the sema domains which are known to those of skill in the art to occur in semaphorins, thus asserting function and structure. The nexus between the referenced US patents and the presently claimed sequences is the domains known by those of ordinary skill

in the art as semaphorin functional domains, thus, the presently claimed sequences are allowed those utilities incorporated by reference in the above referenced US patents and are enabled for those products of those asserted utilities.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
